

Drilling rig for sale supplier in philippines

How many diamond drill rigs are there in the Philippines?

Diamond Drilling Corporation of the Philippines has one of the country's newest fleet of wire-line equipped, full hydraulic diamond drills, manned by technically competent personnel. Surface drill rigs include two (2) LF 90's (skid & track mounted), two (2) LF 70's (skid mounted), and one (1) LF-230 drill.

What types of drilling rigs does tysim drill offer?

As an exclusive distributor of Tysim Drill, we offer a wide range of hydraulic drilling rigs, including compact to large sizes with Cummins or CAT base options. Our inventory also includes rotary drill rig attachments for excavators and crawler cranes, as well as vibratory hammers that can be suspended from both excavators and cranes.

Why do you need a drill rig?

With a focus on versatility, our drill rigs are designed to accommodate a wide range of drilling methods and depths, providing you with the flexibility required to tackle your specific project requirements.

Which drill rig is best for diamond coring?

The drill uses electrical motor to power the hydraulics on the machine. The LF 70 is one of the most recognized small-format drills, is a flyable rig with a depth capacity of 700 m that can be assembled in less than an hour. The LM 55 is a compact drill rig for underground diamond coring.

Why is regulatory compliance important in the drilling industry in the Philippines?

The drilling industry in the Philippines presents a unique set of considerations for prospective stakeholders. Regulatory compliance is crucial, as the sector is governed by various laws and regulations aimed at ensuring safety and environmental protection.
