

Italian new hydraulic rock drill

Easy maintenance with long intervals and service kits available Single body drifter prevents seizing and breakage issues High frequency rotation engines ...

Designed and built at Rockbit UK using our years of drilling experience and customer needs we can supply grouters, loop reelers, mist pumps, mud ...

The integrated drilling and splitting machine is a kind of engineering machinery that integrates the functions of drilling and splitting. It directly installs the rock drill and splitter on the excavator or ...

The integrated rock drill and splitter is a non-blasting rock crushing equipment that integrates rock drilling and splitting rock. The perfect combination of rock ...

A walking rock drill, also known as a rock drilling rig or mobile rock drill, is an efficient and flexible rock drilling equipment. It is usually equipped with tracks or tires for movement at construction ...

New hydraulic folding well drilling rig, small household water well drilling rig, rock drilling rig, Crawler well drilling rig [Subscribe](#) [Subscribed](#)

Lieyan is a leading manufacturer of hydraulic rock drills and splitter attachments in China, providing you with the best hard rock breaking solutions.

Rock Drill Technologies (RDT) was established to supply pneumatic rock drills and their maintenance spare parts to the mining, quarrying and construction industries across Southern ...

A walking rock drill, also known as a rock drilling rig or mobile rock drill, is an efficient and flexible rock drilling equipment. It is usually equipped with tracks ...

We supply drilling equipment and rock drill supplies for mining and construction projects in the USA and Canada. Get a free quote on drilling tools.

Integrated Hydraulic Rock Drill & splitter An integrated hydraulic rock drill and splitter is a powerful and efficient tool for rock excavation projects. This ...

The Rilon hydraulic rock drill and splitter attachments are innovative machines designed to perform rock excavation and crushing operations more efficiently ...

Drillmec is an international leader in manufacturing and distribution of drilling rigs for onshore and offshore

Italian new hydraulic rock drill

applications as well and of drilling equipment.

Hydraulic rock drills offer high drilling speeds with minimal vibration, ensuring effective penetration in hard rock or reinforced concrete. They are lightweight ...

HPM: a family-owned company, founded in 2012 and based in Italy. We globally serve the foundation industry by providing high-quality drilling equipment.

HF115Y crawler hydraulic down the hole drill adopts new hydraulic technology, with low air consumption, large rotary torque and convenient hole moving and displacement. The drilling ...

The Comacchio CX line includes a diversified selection of models, ranging from lightweight and compact units, suitable for exploration drilling up to 1000 m depth with NQ rods, to heavy ...

The integrated drilling and splitting machine is a kind of engineering machinery that integrates the functions of drilling and splitting. It directly installs the rock ...

Italian Drilling Consultants sells both second hand and brand new well drilling machines as well as machines for special foundations from the best brands. Our company provides professional ...

1,826 Vertical Drills available now! Find & compare new and used Vertical Drills for sale near you from ATLAS COPCO, XCMG, SANDVIK, and more at MachineryTrader

Comacchio produces a large range of hydraulic crawler drilling rigs for many purposes, truck-mounted drilling rigs for geotechnics and water well drilling, as ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

Since then, the Company has concentrated on the acquisition of specific know-how for the planning and construction of hydraulic drill rigs, in constant search of high-quality products and ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

The focus on drilling work, the flow of information between customer manufacturer and the use of up-to-date engineering technology have all helped make our ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of you equipment, we offer a full line of ...

Italian new hydraulic rock drill

Integrated Hydraulic Rock Drill & splitter An integrated hydraulic rock drill and splitter is a powerful and efficient tool for rock excavation projects. This equipment combines both drilling and ...

The RD927L is a heavy-duty hydraulic rock drill designed for large diameter longhole drilling. The construction of the rock drill is based on three body modules tied together with short side bolts; ...

In 2019, Jiangxi WOSERLD Hydraulic Rock Drilling Co., Ltd. was established in Pingxiang, Jiangxi Province. Over the years, WOSERLD has gradually become one of the globally ...

Furukawa FRD is the industry leader in innovative technologies for rock drills, blasthole drills, hydraulic rock breakers & breaking attachments for ...

IMT has been a leading company in the drilling and boring field for more than 40 years. IMT was founded in 1974 by Mr. Giulio Accorroni. Since then, the ...

This influx of new products has diversified LHS's hydraulic rock drill portfolio, catering to customers' varying performance needs. With the development of the times, the HYD series ...

Rock drill is the mechanical drilling equipment that breaks into rock by impacting force primarily and rotating force secondarily. In 1844, the British engineer Brompton invented ...
