

Rock auger hire in georgia

What types of augers are available for rent?

United Rentals offers a variety of lightweight, well-balanced augers for rent with unique features not offered with competitive models, as well as two-man augers or towable augers. Whether you are installing a fence, deck or sign, we have the right auger drill for the job.

Should you rent an auger?

If you're planning a project that requires digging holes, such as building a fence or installing a deck, renting an auger will save you time and money. Both pros and DIYers come to The Home Depot Tool Rental Center for convenient auger rental services to complete a wide range of commercial and residential home improvement projects.

How do you measure an auger diameter?

The auger diameter is measured by adding the shaft diameter to two times the strip width. United Rentals provides auger rentals with diameters between 2 and 18 inches. What diameter auger should I use for fence posts?

How big a hole does an auger dig?

Digs up to a 6" diameter hole. Fiberglass handles are 4' long. Blades are sharpened carbon steel to assist in cutting through sod and compacted soil. If you're planning a project that requires digging holes, such as building a fence or installing a deck, renting an auger will save you time and money.

How deep should a one-man Auger dig?

A one-man auger can typically dig around 3 feet deep, which is satisfactory for most fence posts, planters or other lawn applications. If you need to dig even deeper, a can typically dig up to 5 feet. That depth is ideal for applications in cold climates where frost can penetrate more than 3 feet. Read our Project Uptime article,.
