What are medical specialties?

These medical specialties offer specialized treatments and tests for the diagnosis and treatment of health problems. These specialties include cardiology, oncology, surgery, neurology, gynecology, pediatrics, and others. Professionals in these areas are highly trained and experienced to provide the best care to patients.

How many specialties are there in the United States?

The five-year period from 2014 to 2019 saw remarkable growth in some specialties, particularly sports medicine, which grew by 55.3%, from 1,865 to 2,897. Other specialties decreased in numbers, including pulmonary disease (-10.6%) and anatomic/clinical pathology (-7.03%).
