

# Tunnel pneumatic rock drill

Leading products for your needs Mobile Air Compressors Atlas Copco is a leader in compressed air solutions. Discover our complete range of air compressors for tough applications.

With a drilling diameter ranging from 32-46mm, it achieves an impressive drilling depth of up to 5 meters. Meticulously engineered for safety and optimal fuel economy, it is ideally suited for ...

Product Description Introducing the cutting-edge YT28 Air-Leg Rock Drill, a true masterpiece in the realm of high-efficiency, energy-conserving, and environmentally conscious rock drilling ...

Our Pneumatic Rock Drill is designed for underground mining, tunneling, and quarrying operations, delivering powerful impact energy and stable performance. With durable ...

A rock drill is a specialized device used for drilling holes in rocks. It is crucial in mining and tunnel engineering. There are different types such as pneumatic rock drill, which uses compressed ...

The YT29A rock drill is the most rugged, powerful and highly efficient rock drill in the range. It provides improved productivity and drill steel economy and can be used on all rock formations ...

Hand-held Rock Drill is widely used for dry drilling in the medium-hard and hard rock. It is widely used in metallurgy, coal,railway, transportation, water conservancy construction and national ...

Rock Drill Kaishan Original Mine Rock Drilling Pneumatic Drilling Crusher YT24. The wide range of applications of rock drills.

Underground Drilling Equipment Bazooka drills, VAG and VEG long hole drills, stopers, benchers and jacklegs. Mini excavator mounted drill attachments, up drills and HOR drills all have a ...

Yt28 Air Leg Drill for RockDrill for Mine Tunnel Drilling Operation and Rock Mining Hand Held RockDrill Pneumatic RockDrill US\$ 175 / Piece 20 Pieces(MOQ) Xianghe Kaituo Mining ...

Discover the TY24C Rock Drill Machine, a remarkable fusion of lightweight design and formidable power. This pneumatic hand-held rock drill boasts a drilling diameter range of 32-46mm, ...

Our rods and bits for our Pneumatic Rock Drills can handle all applications: From granite mining, stone quarrying and asphalt drilling to construction. We supply ...

A tool for every rock drilling job Make every liter of air count. Every pneumatic underground rock drill

## Tunnel pneumatic rock drill

combines light weight, high torque and high impact energy.

A tool for every rock drilling job Make every liter of air count. Every pneumatic underground rock drill combines light weight, high torque and high impact ...

A pneumatic Rock Drill is suitable for drilling and blasting under various rocks at any direction angles. Blast hole dia is 34-42mm, drill hole depth is 5 m This machine may match ...

Find many great new & used options and get the best deals for Mine Pneumatic Air Leg Rock Drill Tunnel Handheld Rock Drill YT24 Rock Drill at the best online prices at eBay! ...

According to the size of tunnel fracture surface and the operating condition, it could be matched with the air leg FT160A, FT160B, FT160C and FT170. Whether to do the dry or wet drilling ...

The ATD100 Air Track Drill is a self-propelled pneumatic crawler drill that can be used for both DTH and drifter drilling. It maintains a simple and lightweight ...

China Rock Drill catalog of Yt28 Portable Hand Tunnel Pneumatic Rock Core Drilling Machine, Best Price Yt23D Hand Held Air Leg Rock Drill provided by China manufacturer - Shandong ...

DECKWELL's rock drills, available in pneumatic, hydraulic, etc., are essential for mining and tunneling. They offer high drilling speed, efficiency, and are designed to handle various rock ...

TY24C Rock Drill Machine is a small and light pneumatic hand rock drill with a drilling diameter of 32-46mm and an effective drilling depth of up to 5 meters. Its design structure is based on a ...

The YT29A rock drill is the most rugged, powerful and highly efficient rock drill in the range. It provides improved productivity and drill steel economy and can ...

Down the hole hammers are designed to solve problems of hard rock encountered during trenchless tunneling. Sometimes a horizontal directional drilling machine encounters a ...

Our pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, ...

Designed with a pneumatic support leg, these drills significantly reduce operator fatigue by stabilizing the machine's weight, allowing precise ...

A pneumatic rock drill is a type of drill machine that works with compressed air, typically works in underground drilling for mining, tunnel and construction. It can penetrate ...

## Tunnel pneumatic rock drill

The YT28 air-leg rock drill is a new type of high-efficiency rock drilling machine. It is widely used in drilling blasting holes in mine tunnel excavation and various ...

Tunnel Jumbo Drilling Rig MORE + KS311 Hydraulic Mining Drilling Rig KS311 Hydraulic Mining Drilling Rig learn more KSQ31 Downhole Mining Drilling Rig KSQ31 Downhole Mining Drilling ...

A pneumatic jackhammer Video: A construction worker uses a jackhammer in Japan. A jackhammer (pneumatic drill or demolition hammer in British English) is a pneumatic or electro ...

Find many great new & used options and get the best deals for Mine Pneumatic Air Leg Rock Drill Tunnel Handheld Rock Drill YT28 Rock Drill at the best online prices at ...

Find many great new & used options and get the best deals for Mine Pneumatic Air Leg Rock Drill Tunnel Handheld Rock Drill YT24 Rock Drill at the best online prices at ...

Explore high-performance rock drilling machines for tunnelling projects. Engineered for precision, durability, and efficiency in tough underground conditions.

Grouped control mechanism, quick to start up, with "air on, water on, air off, water off" mechanism, convenient to handle, maintaining and repairing is very easy.
