

Twin Screw Compressor Rental

Where can I rent an air compressor?

United Rentals carries a leading selection of air compressors for rent, designed to provide efficiency and productivity to jobsites. Our inventory includes both towable and diesel-powered units. Get these exclusive online rates by renting through our website or app. For our full list of air compressors for rent, view the items below.

What is a twin screw compressor?

Twin screw compressors are a type of compressor that are extensively used in refrigeration, gas processing and energy industries. They are widely used in these industries for various compressor applications that can greatly vary in terms of flow-rates, pressures, temperatures and working fluids. For each specific application, twin screw compressors can have improved performance through the use of a uniquely optimised rotor profile.

Does OTC rent air compressors?

OTC has an extensive fleet of Centrifugal oil-free air compressors, along with a diverse range of Rotary, Booster, and Blower products, to ensure your needs are met without the burden of capital expenses. Whether your compressed air need is an emergency, a temporary backup, or to amplify existing systems - OTC has the rental solution for you.

What types of air compressor rentals are available?

Our selection of air compressor rentals includes electric, gas and diesel powered equipment with CFMs ranging from 3 to 1,800. Browse our selection here.

Can a temporary compressor be installed outside a compressor room?

In most emergency situations, the temporary compressor installation will be placed outside your compressor room. Make sure the compressor configuration is up to the challenge to be able to provide a reliable compressed air supply.

Should you lease a compressor?

When your compressed air demands fluctuates significantly (eg due to peaks, projects, seasonality...) you can consider a (partial) compressor lease. This limits the costs of ownership: depreciation, maintenance, downtime... Wondering whether leasing a compressor is relevant for you?
